

# Macclesfield South Schools Planning Area

## Summary of Childcare Providers

### Number of registered early years childcare places – and type of provision

1-20	Green
21-40	Purple
41-60	Blue
61-80	Orange
81-100	Yellow
101-120	Red
121-140	Pink

Private, Voluntary and Independent <b>Nursery</b> or <b>Pre School/Playgroup</b>	△
Maintained Sector School <b>Nursery Class</b>	○

### Population of 0-4 year olds (ONS forecasts from 2023)

0 - 300	Light Red
301 - 600	Light Purple
601 - 1,000	Light Yellow

note:

1. The location of registered childminders operating in the Schools Planning Area is not included - for privacy.
2. Where shading of population levels is represented by a different/specific shading - this denotes a ward-boundary.

## Macclesfield South Schools Planning Area – key sufficiency indicators - informed by 2026 Childcare Sufficiency Assessment

<p><b>Estimated Surplus or Deficit ALL places for under 2 year olds</b></p> <p>note: estimate figure <i>excluding</i> waiting lists calculates a number through applying the response rate to the 2026 CSA - from early years childcare providers/settings located in the SPA - and assuming a total number of places for all such providers - and then similarly applying a proportional number of vacant places.</p> <p>note: estimate figure <i>including</i> waiting lists calculates a number through also applying the response rate to the 2026 CSA - from early years childcare providers/settings located in the SPA - and assuming a total number of places for all such providers - then:</p> <p>(a) applying the proportional number of vacant places and;            (b) <i>also</i> applying a proportional number of places for relevant waiting lists for children, who it can be assumed <i>might</i> take up places over the forthcoming 6-12 months (circa September 2026). It must be noted too, that a child may feature on multiple waiting lists.</p>	<p>Estimate <b>excluding</b> waiting list</p> <p>No surplus or deficit</p>	<p><b>Estimated Surplus or Deficit funded entitlement places for under 2 year olds</b></p> <p>note: estimate figure <i>excluding</i> waiting lists calculates a number of <b>funded childcare places only</b> through applying the response rate to the 2026 CSA - from early years childcare providers/settings located in the SPA - and assuming a total number of places for all such providers - and then similarly applying a proportional number of vacant places.</p> <p>note: estimate figure <i>including</i> waiting lists calculates a number of <b>funded childcare places only</b> through also applying the response rate to the 2026 CSA - from early years childcare providers/settings located in the SPA - and assuming a total number of places for all such providers - then:</p> <p>(a) applying the proportional number of vacant places and;            (b) <i>also</i> applying a proportional number of places for relevant waiting lists for children, who it can be assumed <i>might</i> take up places over the forthcoming 6-12 months (circa September 2026). <p>In terms of occupancy, is there a greater incidence of?</p> <p style="padding-left: 20px;">a) Waiting Lists - or b) Vacancies</p> <p>among <i>early years</i> childcare providers/ settings located in the Schools Planning Area in early 2026?</p>	<p>Waiting Lists/ <b>Vacancies</b></p>	<p>44% of all early years childcare providers stated that they had seen an increase in their waiting list size since January 2025.</p>													
<p>Incidence of childcare provider(s) located in the Schools Planning Area with an evident intention - as of early 2026 - to expand their early years capacity?</p>	<p><b>Yes</b>/No</p>	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr style="background-color: #333; color: white;"> <th>Type of Provider</th> <th>Number of providers with intention to increase capacity</th> <th>Combined number of planned additional places</th> </tr> </thead> <tbody> <tr> <td>Early Years Childcare Setting</td> <td style="text-align: center;">1</td> <td style="text-align: center;">not sure</td> </tr> <tr> <td>Out of School Wraparound Childcare Provider</td> <td style="text-align: center;">0</td> <td style="text-align: center;">n/a</td> </tr> <tr> <td>Registered Childminder</td> <td style="text-align: center;">1</td> <td style="text-align: center;">n/a</td> </tr> </tbody> </table>		Type of Provider	Number of providers with intention to increase capacity	Combined number of planned additional places	Early Years Childcare Setting	1	not sure	Out of School Wraparound Childcare Provider	0	n/a	Registered Childminder	1	n/a
Type of Provider	Number of providers with intention to increase capacity	Combined number of planned additional places													
Early Years Childcare Setting	1	not sure													
Out of School Wraparound Childcare Provider	0	n/a													
Registered Childminder	1	n/a													
<p>Most frequent type of barrier to using childcare - in early 2026 - stated by parents/carers resident within the Schools Planning Area:</p>	<p>5% of parents find it too expensive – and/or they <i>think</i> that their household income was too much to be eligible to receive Tax Free Childcare.</p>														

<p>Additional <b>early years childcare places</b> for 0-4 year olds <b>potentially</b> needed as an outcome of under construction &amp; planned <b>new housing developments</b> being completed and occupied between the period 2026-2030:</p>	<p>The existing 769 places for 0-4 year olds that are accessible in the Schools Planning Area would <i>ideally</i> be increased by 190 places by September 2030.</p>
<p>Additional <b>wraparound places</b> for 5-11 year olds <b>potentially</b> needed as an outcome of under construction &amp; planned <b>new housing developments</b> being completed and occupied between the period 2026-2030:</p> <p><small>note: the lower range applies a Pupil Product Ratio of 0.17 places per 100 developments which aligns to other regional LAs as a PPR for primary cohort - and the higher range applies a Pupil Product Ratio of 0.29 places per 100 developments which is the Cheshire East Council PPR for the primary cohort. Both figures have been further derived through (also) applying the relevant percentage of parents who - via responses to the 2026 CSA - stated that they intend to access a form of wraparound childcare over the two year period: spring 2026 – spring 2028.</small></p>	<p>The existing c465 of wraparound childcare places for 5-11 year olds that are accessible in the Schools Planning Area would <i>ideally</i> be increased by a range of 130 – 220 places by September 2030, and ideally would be accessed at a primary school – aligned to feedback received via the 2026 CSA.</p>
<p style="text-align: center; background-color: red; color: white; padding: 10px;"><b>Red</b></p>	<p>Supply and/or demand themed analysis indicates that this is a <b>priority Schools Planning Area</b> of focus - for early years childcare (included funded places) and/or wraparound childcare stakeholders/providers/planners - including as an outcome of new housing developments, such as those in progress on the Congleton Road.</p>
