

Shavington Schools Planning Area

Summary of Childcare Providers

Number of registered early years childcare places – and type of provision

1-20	
21-40	
41-60	
61-80	
81-100	
101-120	
121-140	

Private, Voluntary and Independent Nursery or Pre School/Playgroup	△
Maintained Sector School Nursery Class	○

Population of 0-4 year olds (ONS forecasts from 2023)

0 - 300	
301 - 600	
601 - 1,000	

note:

1. The location of registered childminders operating in the Schools Planning Area is not included - for privacy.
2. Where shading of population levels is represented by a different/specific shading - this denotes a ward-boundary.

Shavington Schools Planning Area – key sufficiency indicators - informed by 2026 Childcare Sufficiency Assessment

<p>Estimated Surplus or Deficit ALL places for under 2 year olds</p> <p>note: estimate figure <i>excluding</i> waiting lists calculates a number through applying the response rate to the 2026 CSA - from early years childcare providers/settings located in the SPA - and assuming a total number of places for all such providers - and then similarly applying a proportional number of vacant places.</p> <p>note: estimate figure <i>including</i> waiting lists calculates a number through also applying the response rate to the 2026 CSA - from early years childcare providers/settings located in the SPA - and assuming a total number of places for all such providers - then: (a) applying the proportional number of vacant places and; (b) <i>also</i> applying a proportional number of places for relevant waiting lists for children, who it can be assumed <i>might</i> take up places over the forthcoming 6-12 months (circa September 2026). It must be noted too, that a child may feature on multiple waiting lists.</p>	<p>Estimate excluding waiting list</p> <p>No surplus or deficit</p>	<p>Estimated Surplus or Deficit funded entitlement places for under 2 year olds</p> <p>note: estimate figure <i>excluding</i> waiting lists calculates a number <u>of funded childcare places only</u> through applying the response rate to the 2026 CSA - from early years childcare providers/settings located in the SPA - and assuming a total number of places for all such providers - and then similarly applying a proportional number of vacant places.</p> <p>note: estimate figure <i>including</i> waiting lists calculates a number <u>of funded childcare places only</u> through also applying the response rate to the 2026 CSA - from early years childcare providers/settings located in the SPA - and assuming a total number of places for all such providers - then: (a) applying the proportional number of vacant places and; (b) <i>also</i> applying a proportional number of places for relevant waiting lists for children ,who it can be assumed <i>might</i> take up places over the forthcoming 6-12 months (circa September 2026). It must be noted too, that a child may feature on multiple waiting lists.</p>	<p>Estimate excluding waiting list</p> <p>No surplus or deficit</p>												
	<p>Estimate including waiting list</p> <p>-37 places</p>		<p>Estimate including waiting list</p> <p>-8 places</p>												
<p>Estimated Surplus or Deficit ALL places for 2 year olds</p> <p>note: see methodologies above.</p>	<p>Estimate excluding waiting list</p> <p>No surplus or deficit</p>	<p>Estimated Surplus or Deficit funded entitlement places for 2 year olds</p> <p>note: see methodologies above.</p>	<p>Estimate excluding waiting list</p> <p>No surplus or deficit</p>												
	<p>Estimate including waiting list</p> <p>-8 places</p>		<p>Estimate including waiting list</p> <p>-8 places</p>												
<p>Estimated Surplus or Deficit ALL places for 3&4 year olds</p> <p>note: see methodologies above.</p>	<p>Estimate excluding waiting list</p> <p>+20 places</p>	<p>Estimated Surplus or Deficit funded entitlement places for 3&4 year olds</p>	<p>Estimate excluding waiting list</p> <p>+19 places</p>												
	<p>Estimate including waiting list</p> <p>+13 places</p>		<p>Estimate including waiting list</p> <p>+13 places</p>												
<p>In terms of occupancy, is there a greater incidence of?</p> <p style="padding-left: 20px;">a) Waiting Lists - or</p> <p style="padding-left: 20px;">b) Vacancies</p> <p>among <i>early years</i> childcare providers/ settings located in the Schools Planning Area in early 2026?</p>	<p>Waiting Lists/ Vacancies</p>	<p>30% of all early years childcare providers stated that they had seen an increase in their waiting list size since January 2025.</p>													
<p>Incidence of childcare provider(s) located in the Schools Planning Area with an evident intention - as of early 2026 - to expand their early years capacity?</p>	<p>Yes/No</p>	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="background-color: #333; color: white;">Type of Provider</th> <th style="background-color: #333; color: white;">Number of providers with intention to increase capacity</th> <th style="background-color: #333; color: white;">Combined number of planned additional places</th> </tr> </thead> <tbody> <tr> <td>Early Years Childcare Setting</td> <td style="text-align: center;">0</td> <td style="text-align: center;">n/a</td> </tr> <tr> <td>Out of School Wraparound Childcare Provider</td> <td style="text-align: center;">0</td> <td style="text-align: center;">n/a</td> </tr> <tr> <td>Registered Childminder</td> <td style="text-align: center;">1</td> <td style="text-align: center;">6</td> </tr> </tbody> </table>		Type of Provider	Number of providers with intention to increase capacity	Combined number of planned additional places	Early Years Childcare Setting	0	n/a	Out of School Wraparound Childcare Provider	0	n/a	Registered Childminder	1	6

Registered Childminder	1	6													
<p>Most frequent type of barrier to using childcare - in early 2026 - stated by parents/carers resident within the Schools Planning Area:</p>	<p>9% of parents find it too expensive – and/or they <i>think</i> that their household income was too much to be eligible to receive Tax Free Childcare.</p>														

<p>Additional early years childcare places for 0-4 year olds <i>potentially</i> needed as an outcome of under construction & planned new housing developments being completed and occupied between the period 2026-2030:</p>	<p>The existing 580 of places for 0-4 year olds that are accessible in the Schools Planning Area would <i>ideally</i> be increased by 160 places by September 2030.</p>
<p>Additional wraparound places for 5-11 year olds <i>potentially</i> needed as an outcome of under construction & planned new housing developments being completed and occupied between the period 2026-2030:</p> <p><small>note: the lower range applies a Pupil Product Ratio of 0.17 places per 100 developments which aligns to other regional LAs as a PPR for primary cohort - and the higher range applies a Pupil Product Ratio of 0.29 places per 100 developments which is the Cheshire East Council PPR for the primary cohort. Both figures have been further derived through (also) applying the relevant percentage of parents who - via responses to the 2026 CSA - stated that they intend to access a form of wraparound childcare over the two year period: spring 2026 – spring 2028.</small></p>	<p>The existing c625 of wraparound childcare places for 5-11 year olds that are accessible in the Schools Planning Area would <i>ideally</i> be increased by a range of 65 – 105 places by September 2030, and ideally would be accessed at a primary school – aligned to feedback received via the 2026 CSA, including from two parents of children with SEND.</p>
<p style="text-align: center; background-color: #FFD700; color: white; padding: 10px;">Amber</p>	<p>Supply and/or demand themed analysis indicates that this is a Schools Planning Area of continued focus/review - for early years childcare (included funded places) and wraparound childcare stakeholders/providers/planners - including as an outcome of the incidence of new housing developments, including the further progressing Basford East Phase 2 development.</p>
